LH32QMRBBGCXEN

QM32R-B

All-in-one display with slim and symmetrical design supporting 400 nit brightness

New symmetrical, slim design simplifies installation and complements any environment

Affordable digital signage that supports 24/7 operation and 400nit brightness

All-in-one display solution with embedded MagicINFO Player S6 powered by TIZEN

Slim and symmetrical design

Slim, symmetrical design that will stand the test of time and ensure the QMR-B series blends seamlessly into any environment, with simple installation to get your display up and running as soon as possible.

Clean cable management

With QMR-B's new cable guide feature, retailers are able to tuck away messy cables from view. This allows for a clean and visually-appealing shopping experience for customers, even when the back of the display is visible.

Powerful, all-in-one solution

SSSP is an all-in-one solution that simplifies installation and maintenance. With Tizen 4.0, businesses can enjoy easy development, reinforced capability with multiple web formats and standards and secured protection.

Samsung Workspace secured by Knox

With security provided by Knox, the displays feature Samsung Workspace which supports wireless cloud service access and control of a PC without needing a physical connection. Samsung Workspace simplifies meeting spaces while also improving security.

Industry standard certified

The QMR-B series guarantees dependable functionality and is environmentally sustainable. Electromagnetic compatibility (EMC) class B compliant, meeting strict safety and reliability standards for operation, the displays are also registered by EPEAT, the global ecolabel for IT.
