Toughair 710 black aircooler 140x25

Codice	CK310957
EAN	4713227538701
Marca	THERMALTAKE
Part number	STD0001162712
Storage unit	
Unità di vendita	Cadauno
Confezione	1
Imballaggio	1
Peso (kg)	1.895
Volume (cm³)	10557

TOUGHAIR 710 Black is constructed with a Dual-Tower Dual Fan Design for the latest Intel and AMD CPUs, allowing the two 140mm fans to perform the best possible cooling and kicking the TOUGHAIR series up a notch for the latest CPUs.

Keep to the Shadows
If you like the classical vibe without RGB, look closer!
The hint of color within the shadow is our TOUGHAIR 710 Black, with a new color palette for you to choose from. Pairing with all black color components, you can build a toned-down look that sure to draw everyone s attention.

Double Them All
TOUGHAIR 710 Black is designed for the latest Intel and AMD CPUs, which needs the best possible cooling solution, so we doubled everything and came up with the Dual-Tower Dual Fan Design; it allows the two 140mm fans to push air cooling performance even further, exceeding all previous TOUGHAIR series models.

Lower Noise but More Powerful
TOUGHAIR 710 Black leverages the TOUGHFAN 14 design, so the fan can provide an airflow of 81.96 CFM and a static pressure of 1.81 mm-H2O while keeping the noise level at 23.9 dB-A. So you won t have to choose between cooling power and acoustics.

Larger Heat Dissipation Area
We have also extended the fin stack so there s more heat dissipation area to ensure the best cooling result. Along with the significant asymmetric fin structure of the TOUGHAIR Series, no doubt that if you re looking for a boost on your air cooler, TOUGHAIR 710 Black won t let you down.

The Ultimate Cooling Solution
TOUGHAIR 710 Black features a copper base with anti-corrosive nickel plating that covers all seven black Ø6mm U-shape copper heat pipes, resulting in even heat distribution from the heat source, providing exceptional heat dissipation even with high-performance CPUs.

Flexible Adjustment of Fan Position
By adjusting the fan position, you can easily match the height of the memory and enjoy unlimited cooling performance.

*The front fan can be lifted up to fit the RAM height of 48mm, but the product height will be increased to 188.5mm.
** The RAM clearance does not include CPU height

Any CPU Can Be the Right CPU
TOUGHAIR Series are designed to fit Intel and AMD sockets including the following models:

Intel: LGA 2066/2011/2011-3/1700/1200/1156/1155/1151/115
AMD: AM5/AM4

SPECIFICHE	
Materiale	alluminio / rame
Marca	THERMALTAKE
Numero ventole	2
Diametro Ventola	140 mm
Velocità max Ventola	1.400 rpm

DIMENSIONI	
Altezza	165 mm
Larghezza	146,6 mm
Lunghezza	148,6 mm
GENERALE	
Compatibilità	Intel LGA 2066/2011/2011-3/1700/1200/1156/1155/1151/115

	AMD AM5/AM4
Materiale Base	Alluminio / Rame
Peso	1500 gr
Socket	2066/2011/2011-3/1700/1200/1156/1155/1151/115 /AM5/AM4
Materiale Radiatore	Alluminio
VENTOLA	
Diametro	140 mm
Led luminosi	Non Presenti
Livello di rumore max	23,9 dB(A)
Velocità max	1400 rpm
Voltaggio max	12 V
Numero ventole	2
