Part number	STD0001611486
Storage unit	
Unità di vendita	Cadauno
Confezione	1
Imballaggio	1
Peso (kg)	7.93
Volume (cm ³)	79924
<p>Thermaltake View 270 Plus TG ARGB Snow Midi Tower Bianco Designed to provide gorgeous panoramic viewing angles, the View 270 TG Plus ARGB Snow comes in a mid-tower package, supporting a full ATX motherboard and enough space to accommodate up to 9 fans for cooling. (Three 120mm ARGB Lite Fans pre-installed.) Tempered Glass Front and Side The View 270 TG ARGB Plus Snow comes equipped with two Tempered Glass panels located on the front and side of the case to provide the best viewing angles for your system inside. Up to a 360mm Radiator Supporting up to 360mm radiators on the top of the chassis, the View 270 TG ARGB Plus Snow can meet the cooling needs for some of the more demanding systems all while maintaining a show appearance to show off your components. Check out the link below for some options from TT. Three 120mm ARGB Lite Fans Pre-installed The View 270 TG ARGB Plus Snow comes with three 120mm ARGB Lite Fans, with two being mounted on the side to provide intake and another mounted in the rear of the chassis to provide exhaust. Daisy chain connections for 5V ARGB and PWM fan control make wiring simple and lighting can be controlled through motherboard software from Asus, Gigabyte, MSI, and ASRock. Space for Your Storage The View 270 TG ARGB Plus Snow can support up to two 2.5 SSDs or two 3.5 HDDs, in one dedicated location for each and one shared location for each as well. Handy I/O Ports Two USB 3.0, one USB 3.2 Gen 2 Type C and HD Audio ports are placed on the top panel to grant direct access</p>	

when needed. **Sync with Motherboard RGB Software** Designed to synchronize with ASUS Aura Sync, GIGABYTE RGB Fusion, MSI Mystic Light Sync, and ASRock Polychrome. It supports motherboards with a 5V addressable RGB header, allowing you to control the lights directly from the software mentioned above without installing any extra lighting software or controllers.
