LG 27BA450 Monitor PC 68,6 cm (27") 1920 x 1080 Pixel Full HD LCD Nero27 Full HD IPS display Accurate color at wide angles LG Full HD (1920x1080) monitor with IPS technology delivers a clear and consistent color. It can provide accurate color reproduction and help users to view the screen at a wide angle. Versatile business monitors for various workspace This versatile monitor can cover various works at many places, such as offices, public institutions, and customer service, with a clear IPS display and 3-side virtually borderless design. Integrated power module Fully use your desk By providing built-in power, workstations can be designed with a streamlined and clutter-less layout. This allows for better space utilization and organization, creating a cleaner and more efficient work environment. Multi ports A variety of interface The 27BA450 comes equipped with multiple ports, enhancing connectivity options for hardworking individuals. With its multiple ports, you can easily connect numerous devices for efficient desk setup. 100Hz refresh rate Smooth workflow A fast 100Hz refresh rate provides a smooth loading in various programs. It helps to allow less screen stuttering and motion blur, elevating work productivity. Built-in speakers All set for virtual meetings The 27BA450 comes with built-in speakers, eliminating the need for extra speaker installations when participating in web conferences or watching videos. LG Switch app Switch swiftly LG Switch app helps to optimize the monitor for an efficient work environment. You can divide the display into six areas, manage	

the schedules, or launch a video call platform with a mapped hotkey effortlessly. **Ergonomic design Easy and comfy** The 27BA450 supports tilt, swivel, pivot, and height adjustment options to make a comfortable workstation for those who spend extended hours in front of monitors. Also, our ergonomic stand facilitates communication with customers or colleagues by allowing for a downward height adjustment.
