<p>Hisense RS3P558NEIE frigorifero side-by-side Libera installazione 544 L Grigio Muti-use Beverage Tray A dedicated and stylish space for wine, soft drink bottles and snacks, which frees up space in your fridge door and prevents bottles from rolling around on the shelves. Flat Duct The flat duct design of our refrigerator allows an optimal use of interior space, providing more storage capacity for all your needs. The design also simplifies the internal structure of the refrigerator, making cleaning and maintenance a breeze. Durable Inverter Fridges with Inverter Technology can help you save energy, and therefore save you money. Inverter Technology monitors the conditions inside your fridge and manages the output accordingly. It also ensures a more stable internal temperature, which helps extend the life of your appliance. Total No Frost More advanced than ordinary frost-free, the innovative Total No Frost Technology from Hisense enables circulation of cold air evenly throughout your freezer, preventing frost build-up, and eliminating the need to ever manually defrost again. Door Alarm This function will alert you if you leave the fridge or freezer door open for too long. The smart sensor will detect that the doors are open and keep the food fresh. Super Cool The super cool feature can quickly drop and maintain the fridge temperature to 2°C, allowing stored food to be rapidly chilled. With this feature, food will stay fresh longer while beverages will be quickly cooled for drinking. Digital Temperature Sensor Multiple highly-effective Digital Temperature Sensors are built into the refrigerator (as</p>	

shown here), which are engineered to optimally adjust the cooling level of the fridge. **XXL Door Balcony** Hisense s XXL door balcony is the solution for taller items. It provides the perfect space to store bulkier items., The wide shelf can handle any challenge and allows you quick access to items you use most frequently. **Big Box** The big box compartment provides you with enough space to store large items while allowing you to make the best use of the available space. Storing big items is effortless with the maximum space-saving design. **Muti-use Beverage Tray** A dedicated and stylish space for wine, soft drink bottles and snacks, which frees up space in your fridge door and prevents bottles from rolling around on the shelves. **Flat Duct** The flat duct design of our refrigerator allows an optimal use of interior space, providing more storage capacity for all your needs.
