

Ck65 bt/wf/alphn/2d 6803/no cam	
Codice	CK457924
EAN	
Marca	HONEYWELL
Part number	CK65-L0N-B8N212
Storage unit	
Unità di vendita	Cadauno
Confezione	1
Imballaggio	1
Peso (kg)	0.82
Volume (cm ³)	4226.25
Alphanumeric KB, 4" Touch Panel 480 x 800 LCD, 2.2GHz Qualcomm 64-bit Snapdragon octa-core, 4GB DDR4 RAM, 32GB Flash, Bluetooth 5.0 BLE, IEEE 802.11 a/b/g/n/ac, Android 8.0 Oreo The successor to our popular CK3R and CK3X mobile devices now updated to Android and the Honeywell Mobility Edge platform. With both keypad and touchscreen, the Dolphin CK65 is ideal for warehouses that are transitioning from Windows® to Android and use both newer touch-based and older key-based legacy applications. Plus, it minimizes capital expenses by enabling you to reuse your existing CK3X/R batteries and accessories. Industry-Leading Investment Protection The longest lifecycle in the industry with support from Android O through Android R, plus security updates for up to two years after Google's last patch. Reduced IT Costs with Mobility Edge Built on Mobility Edge, an integrated hardware and software platform that lowers certification, deployment, and support costs and ensures application portability across all devices in the Mobility Edge family. Purpose-Built for the Warehouse Designed for tough warehouse and manufacturing environments, with an ultra-rugged design that survives multiple 2.4 m (8 ft) drops to concrete over the full temperature range, and an IP64 rating against dust and rain. Versatile and Ergonomic for Maximum Productivity Let workers use the data input method that is most comfortable for them, with both a keypad (alphanumeric or numeric with functional keys) and a full touchscreen. The large 4" WVGA display has 2.3 times higher resolution for easier reading	

and more efficiency. **Long-Life, Smart Battery for Less Downtime** With 18 hours of battery life, the battery supports more than two shifts on one charge. And with hot swap technology, workers can change the battery without rebooting the device reducing downtime and enhancing productivity. **Unparalleled Data Capture for Enhanced Workflows** World-class Honeywell imaging technology with scan read ranges of 40 mm to 964 mm (6 in to 50 ft) standard for warehouse environments; an optional scan handle allows easy switching between handheld and pistol grip operations. Extending the popular ergonomic design of the CK3X/R model, the Dolphin CK65 Mobile Computer takes the best and makes it even better, giving you the power to put accuracy and productivity in the hands of your workers with a mobile solution that offers easy deployment and fast return on investment. Built on the Mobility Edge platform, the Dolphin CK65 device offers an integrated, repeatable, and scalable approach based on a common hardware and software platform, unleashing customers from constraints faced today around integration and inflexible technologies without sacrificing enterprise security, reliability, performance, or management features. Juggling multiple devices across the enterprise introduces time- and cost-intensive complexities for Enterprise IT to manage and maintain. The Mobility Edge platform enables customers to accelerate provisioning, certification, and deployment across the enterprise. The Dolphin CK65 device offers an extended product lifecycle through Android R to maximize return on customer investment and provide a lower overall TCO. And it's validated by Android Enterprise Recommended, a Google-led initiative that helps businesses confidently select, deploy, and manage Android devices and services best suited to their enterprise needs. The rugged Dolphin CK65 mobile computer features a fast processor, advanced network connectivity, and enhanced 1D/2D scanning plus extended battery life lasting over 18 hours to keep workers connected and productive throughout multiple shifts. The Dolphin CK65 computer is rated to IP64 and can withstand multiple 2.4 m (8 ft) drops to concrete and 2,000 1.0 m (3.3 ft) tumbles. The large, vivid 10.16 cm (4 in) touchscreen display can be read easily indoors and out, and used with finger, glove, or stylus, making it ideal for warehouse, manufacturing, and other challenging environments.

SPECIFICHE	
Compatibilità	1d / 2d
Marca	HONEYWELL
Tecnologia	imager
Tipo schermo	multi touch

SCHERMO	
Dimensione Schermo	4 "
Risoluzione Schermo orizzontale	480 px
Risoluzione Schermo verticale	800 px
Tipo Schermo	Multi Touch
FOTOCAMERA	
Fotocamera Interna	No
Risoluzioni Disponibili	13 MP
Fotocamera posteriore	Si
SISTEMA OPERATIVO/SOFTWARE	

Versione	Android
PROCESSORE	
Tipologia Processore	1.8 GHz
ERGONOMIA	
IP	IP68
Impugnatura	No
DECODING	
Funzione lettura codici a barre	Si
Tipologia di codici letti	1D / 2D
Tecnologia di Lettura	Imager
FUNZIONALITÀ GPS	
Ricevitore GPS	No
CONNETTIVITÀ	
Bluetooth	Si
Wi-Fi	Si
Formato Wi-Fi	802.11g
USB	No
Seriale RS-232	No
UMTS	No
3G/4G/5G	No
MEMORIA	
RAM	4 GB
FLASH	32 GB
Espansione SD	Si
Espansione MICROSD	No
Espansione Compact Flash	No
Espansione Memory Card	Si
ALIMENTAZIONE	
Batteria	Ricaricabile mAh
Potenza batteria	7000 mAh
DIMENSIONE E PESO	
Altezza	4,2 cm
Larghezza	22,7 cm
Profondità	8,3 cm

Peso Batteria Inclusa	544 gr
CONDIZIONI AMBIENTALI DI FUNZIONAMENTO	
Temperatura di Stoccaggio - Max	70 °C
Freezer	Si
CONTENUTO CONFEZIONE	
Cavo Usb	No
Custodia	No
Cavo carica batteria auto	No
Altro	/
SOLUZIONI	
Auto-ID	Si
HARDWARE	
RFID	No
Healthcare	No
