The CT45 product family offers an integrated, repeatable, and scalable approach based on a common hardware and software Mobility Edge platform achieving enterprise stability and security via incorporating a powerful Qualcomm processor that is guaranteed to support from	

Android 11® throughout Android 13, Android 14 and 15 are committed subject to feasibility. The CT45 XP leverages the latest Wi-Fi 6 technology to facilitate access to essential information with low latency, even in a highly dense connected environment. Delivery workers can now efficiently access the network outside of the 4 walls using 4G-LTE advanced technology, keeping mobile frontline workers always connected to crucial information to place orders, check stock, look up order status, or scan items anywhere and anytime. Operation downtime results in revenue loss. The CT45 product family enables mobile workers to work while on the road, in the rain, or in a dusty warehouse. Designed to withstand challenging environments with no adverse damage or compromise to device integrity or sacrifice to ergonomic benefits. Built on a sleek design with enhancement on superior ruggedness, the CT45 product family delivers a compact device that mobile workers can carry comfortably throughout the shift and which can endure accidental drops and falls. Fully integrated with the Honeywell Operational Intelligence solution, available with FlexRange and 7th Generation scan options, an 8-megapixel front facing camera, and a full suite of booted accessories, the CT45 product family extends the usability of an enterprise class device by offering a converged solution to cater to the demand of cycle counting, on-demand delivery, asset management etc. Coupled with a 1920*1080p full high-definition display, it significantly increases the user experience.
